

Practitioners' rights during credentialing process

This communication applies to the Medicaid and Florida Healthy Kids for Simply Healthcare Plans, Inc.

As part of our credentialing process, practitioners have certain rights as briefly outlined below.

Practitioners can request to:

- Review information submitted to support their credentialing application.
- Correct erroneous information regarding a credentialing application.
- Be notified of the status of credentialing or recredentialing applications.

We encourage practitioners to begin the credentialing process by going to availability.com as soon as possible when new physicians join a practice. Doing so will help minimize any disruptions to the practice and members' claims.
