### Disclaimer

These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement by Simply Healthcare Plans, Inc. (Simply) Medicare Advantage if the service is covered by a member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes, and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to participating providers and facilities; a noncontracting provider who accepts Medicare assignment will be reimbursed for services according to the original Medicare reimbursement rates.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Simply Medicare Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

Simply Medicare Advantage reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal, or CMS contracts and/or requirements. System logic or set up may prevent the loading of policies into the claims platforms in the same manner as described; however, Simply Medicare Advantage strives to minimize these variations.

Simply Medicare Advantage reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to our provider website.

## Policy

Simply Medicare Advantage allows reimbursement for covered services provided to eligible members when billed with appropriate procedure codes and appropriate modifiers when applicable unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise.

Reimbursement is based on the code-set combinations submitted with the correct modifiers. The use of certain modifiers requires the provider to submit supporting documentation along with the claim. Refer to the specific modifier policies for guidance on documentation submission. Simply Medicare Advantage reserves the right to review adherence to correct coding for high-volume modifiers.

Applicable electronic or paper claims billed without the correct modifier in the correct format may be rejected or denied. The modifier must be in capital letters, if alpha or alphanumeric. Rejected or denied claims must be resubmitted with the correct modifier in conjunction with the code-set to be considered for reimbursement. Corrected and resubmitted claims are subject to timely filing guidelines. The use of correct modifiers does not guarantee reimbursement.

### Reimbursement modifiers

Reimbursement modifiers affect payment and denote circumstances when an increase or reduction is appropriate for the service provided. The modifiers must be billed in the primary or first modifier field locator.

### Informational modifiers impacting reimbursement

Informational modifiers determine if the service provided will be reimbursed or denied. Modifiers that impact reimbursement should be billed in modifier locator fields after reimbursement modifiers, if any.

### Informational modifiers not impacting reimbursement

Informational modifiers are used for documentation purposes. Modifiers that do not impact reimbursement should be billed in the subsequent modifier field locators. Simply Medicare Advantage reserves the right to reorder modifiers to reimburse correctly for services provided.
