Policy

The health plan allows reimbursement for preventive medicine, Medicare Annual Wellness Visits (AWVs), and/or sick visits on the same day under the following conditions, unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise:

- Modifier 25 must be billed with the applicable evaluation and management (E/M) code for the allowed sick visit. If modifier 25 is not billed appropriately, the sick visit will not be eligible for reimbursement.
- Appropriate diagnosis codes must be billed for respective visits.

For sick visits on the same day as preventive medicine or AWVs, reimbursement is based on the fee schedule or contracted/negotiated rate for the preventive medicine and 50% of the fee schedule or contracted/negotiated rate for the allowed sick visit.

For preventive medicine and AWVs on the same day, reimbursement is based on the fee schedule or contracted/negotiated rate for the AWV and 50% of the fee schedule or contracted/negotiated rate for the allowed preventive medicine visit.

Federally qualified health centers (FQHCs) and rural health centers (RHCs), reimbursed other than through the health plan fee schedule or state encounter rates, are not subject to this policy.

Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member's benefit plan. The determination that a service, procedure, or item is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must also meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis, as well as to the member's state of residence.

Ensure that you use proper billing and submission guidelines, including industry-standard, compliant codes on all claim submissions. Services should be billed with Current Procedural Terminology (CPT®) codes, Healthcare Common Procedure Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to apply to participating providers and facilities; a noncontracting provider who accepts Medicare assignment will be reimbursed for services according to the original Medicare reimbursement rates.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, we may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.
