

Clinical Utilization Management Guidelines

Attached is a list of the *Clinical UM Guidelines* the health plan has adopted.

The full list of *Medical Policies* and *Clinical Utilization Management (UM) Guidelines* are publicly available at the following:

- Simply Healthcare Plans, Inc.: *Medical Policy* and *Clinical UM Guideline* subsidiary website
- Clear Health Alliance: *Medical Policy* and *Clinical UM Guideline* subsidiary website

Their purpose is to help you provide quality care by reducing inappropriate use of medical resources.

MCG[®] care guidelines are used only for:

- Medical necessity review for medical and behavioral health inpatient review.
- Inpatient site of service appropriateness.
- Inpatient rehabilitation and skilled nursing facility review.
- Outpatient based service or procedure where there is not an established medical policy or clinical UM guideline.

Medicaid state contracts, regulatory guidance, CMS requirements and our *Medical Policy/Clinical UM Guidelines* supersede MCG care guidelines.

Note: We make determinations of medical necessity on a case-by-case basis in accordance with the definition of medical necessity that is contained within the Medicaid state contract, regulatory guidance, CMS requirements or in our *Medical Necessity Criteria Policy ADMIN.0004*.

If the request does not meet established criteria guidelines, it will be referred to the licensed physician reviewer with the appropriate clinical expertise to make a decision.
