SDOHPIP Value-Based Incentive Program for Medicaid Providers

The Social Drivers of Health Provider Incentive Program (SDOHPIP) rewards our valued providers for the quality care provided to our members by addressing social needs. Aligning financial reward with improved outcomes, SDOHPIP is designed to encourage efficient, preventive, and cost-effective healthcare.

SDOHPIP offers monetary incentives for these activities completed using our FindHelp platform, the Community Resource Link, and through the billing of claims:

1. Completed SDOH member assessments

2. Billed appropriate ACES and SDOH-related diagnosis codes

3. Referred to Community-based Organizations (CBOs)

4. Successful referral status updates in FindHelp

Through the SDOHPIP program, we partner with providers to achieve mutual goals:

- Improve targeted clinical quality measures

- Identify Members' with SDOH needs

- Assist Members with SDOH needs by referring to Community-Based Organizations (CBOs)

- Increase provider awareness and utilization of the Community Resource Link as a resource to refer our members to community organizations that can help them with SDOH

- Improve member health outcomes by addressing SDOH needs

Our program offers the following:

- Collaboration with FindHelp, a website and platform to enter SDOH assessment responses for our members, member referrals to CBOs, and status of CBO referrals
- Performance scorecard reports-semi-annually after end of each reporting period to allow for claims run out and report production time
- FindHelp self-service reporting within Provider platform to view eligible incentive occurrences in real time.
  - SDOH Diagnosis-Related Codes (from claims data) incentive measure
