

Introducing a new Medicare PPO plan for 2023 for Simply Healthcare Plans, Inc.

As we continue our efforts to provide high-quality, member-focused health plans for Medicare Advantage beneficiaries, Simply Healthcare Plans, Inc. (Simply) is offering a Medicare Preferred Provider Organization (PPO) plan in 2023.

We know healthcare freedom is important, and there is an increasing number of people who prefer the flexibility of a PPO when it comes to accessing their healthcare. According to the Kaiser Family Foundation, Medicare Advantage enrollment as a share of the eligible Medicare population has more than doubled from 2007 to 2022 (19% to 48%) and will continue to rise. Seeing this as an opportunity for growth, Simply has decided to expand into the PPO space to further serve the needs of the Medicare population in Florida.

Effective January 1, 2023, Simply will introduce a PPO in Florida. At Simply, our network is continuously growing to serve our members better. With this product, members will be able to select from a broad network of providers with ease when seeking care. We offer Medicare Advantage products with Parts A, B, and D benefits that provide more than just original Medicare. Our plans are designed to help members get the health coverage they need while getting assistance to cover additional health care costs.

The Medicare PPO plan for Simply will be offered in the following 30 counties
